

The MERIE Group of the RMEI Network has created his International Associated Laboratory for Mediterranean collaborations on Renewable Energies and sustainable building

HyRES Laboratory

The LIA main function is the knowledge capitalization on Mediterranean countries specific research. The HyRES Lab Members will lead high level scientific research developing theoretical foundations cross domains for Renewable Energies and Sustainability, ie like intelligent grids, data analytics, Optimizations and comfort. The HyRES Lab has also as target to encourage research for progress of local industries and Impacting on the related business demand and skills, to plan and support new specific trainings and education programs.

LIA HyRES Lab

Lab Coordinator : Nacer Kouider M'SIRDI

The MERIE Actors are:

1. AMU1 & ECM, France: SASV-MACSyME N.K. M'Sirdi and A. Naamane,
2. AMU2 IUSTI, France: EUHAB projet held by Lounes Tadrast,
3. IUAV (Venise), Italy; Dr Francesca Sciaretta,
4. Team 1 of USMB (Morocco), Professor Ali Ahaitouf,
5. Team 2 of of USMBA on Bio-Energies (Morocco), El Abed Soumya,
6. Team of ENIM of Rabat (Morocco), Prof Driss Ouazzar;
7. Team of FS of Oujda (Morocco), Pr Khalil. KASSMI,
8. University of Valladolid (Spain), Prof Fernando Tadéo,
9. Aristotle University of Thessaloniki (AUTH) (Greece), Prof Anastazia Zabaniotou,
10. AASTMT Arab Academy for Science, Technology and maritime Transport, Egypt, Prof Yasser Gaber Dessouky,
11. USEK (Lebanon), Dr Tilda Akiki.
12. University of Catania, Power Systems, Dr Giuseppe Marc Tina
